

Alex Bores Deepfake Detection

Can you tell whether a clip of Alex was faked?

If you're getting this form, you either are Alex Bores or know what his voice sounds like. I deepfaked his voice (with permission!), and — if you complete this form — you'll be helping me assess whether people who know him can tell whether an audio clip is real or fake. Thank you so much!

I might share aggregated/anonymized versions of your responses (for the former, think "75% of people got this clip wrong!", for the latter, just think of your responses without your name), but I won't share your name or quote you in anything without permission. No need to give me your name if you don't want to.

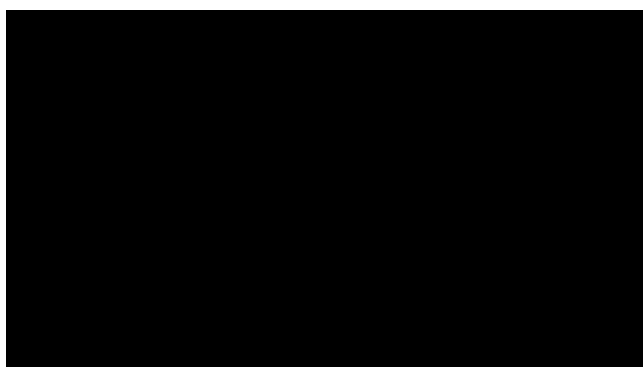

Since there are twelve ~ten-second clips, this shouldn't take more than three or four minutes — you'll see the answers once you click submit.

If you know someone who'd enjoy this, feel free to share it with them, too.

DM me on signal or shoot me an [email](#) if you have any questions (or just want to say hi :))
